5415 Evergreen Way  
Everett, WA 98203

**RE: VALID ROUTING NUMBER NOT RECOGNIZED BY YOUR COMPANY**

To whom it may concern:

Coastal Community Bank, Member FDIC ("Coastal Community Bank"), provides banking services for BlueVine Inc. ("BlueVine"). The routing number 125109019 has been active in the Fed Routing Tables since June 2019. Our records indicate your company does not recognize this as a valid routing number.

Coastal Community Bank believes that blocking or failing to recognize a valid routing number registered with the Federal Reserve may be in violation of NACHA Operating Rules and Guidelines and may additionally constitute a violation of state and/or federal law. We encourage you to update your records to allow your clients to use this active and valid routing number associated with Coastal and BlueVine.

This routing number can be used for any Fed ACH transaction and **can be validated at [www.frbservices.org](http://www.frbservices.org)** using their E-Payments Routing Directory.

If you have further questions or need clarification, please do not hesitate to contact Coastal Community Bank at 425-349-2688.

Sincerely,

A handwritten signature in black ink that reads "John Dickson".

John Dickson  
EVP and Chief Operating Officer  
Coastal Community Bank
